EDUCATION

Atmiya University, Rajkot, Gujarat
Diploma in Computer Engineering
CGPA: 9.8 / 10.0

Sep 2022 – May 2025

WORK EXPERIENCE

Binary Geckos, Rajkot (Internship)

May 2024 – June 2024

- Completed an internship where I built a food delivery web app using React.js, focusing on responsive design and user-friendly interfaces. Gained hands-on experience in frontend development, component-based architecture, and state management using React.

Content Hammering, Rajkot (Internship)

January 2025 – March 2025

- Completed an internship covering full-stack web development fundamentals including HTML, CSS, JavaScript, PHP, MySQL, and basic Laravel. Gained hands-on experience through practical tasks like login systems, REST APIs, web scraping, and real-world debugging projects.

TECHNICAL SKILLS

Programming Languages	: Java, JavaScript, PHP, Python
Backend Web Technologies	: Node JS, Express JS
Frontend Web Technologies	: React JS
Database Technologies	: MySQL, Firebase

PROJECTS

Food Delivery Web App (Frontend) | *ReactJs*

- Created a food delivery app interface using React.js with a clean and mobile-friendly design.
- Built pages for browsing restaurants, viewing menus, and managing a shopping cart.
- Used local data and React state to show how orders and cart updates work without a backend.

Colour Mixing Lamp | *Arduino, C++*

- Built an interactive colour-changing lamp using Arduino, RGB LEDs, and photoresistors to respond dynamically to ambient light conditions.
- Implemented analog sensing and pulse-width modulation (PWM) to control RGB LED output based on filtered light intensity.
- Designed and assembled a functional prototype demonstrating real-time colour mixing using voltage divider circuits and light sensors.

SOFT SKILLS

Leadership, Anchoring, Social Speaking, Time Management, Interpersonal Skills
